**Hosettter's Bitters on the Battle Field.**

It is satisfactory to know that our field hospitals are no longer unsupplied with this life-saving preparation. Soldiers who, as privates, had become acquainted with its properties, have in many instances made a special request that HOSSETTER'S STOMACH BITTERS might be added to the medical stores of their regiments, and their wishes have not been unheeded. As a means of sustaining wounded men on the battle field, and of enabling troops to bear fatiguing marches under a blinding sun, it has been strenuously recommended by distinguished medical men, and the prospect is that it will eventually supersede all the adulterated tonics, liquors and dangerous Tonics that have heretofore been considered medicinal staples. The fact that a small quantity of the Bitters mixed with water from any of the Southern or South-western rivers will prevent from affecting the bowels or the liver, should be borne in mind by Army Physicians, soldiers, and all who have occasion to visit those portions of our country. The man who uses HOSSETTER'S BITTERS in conformity with the directions, may set at defiance Intermittent Fever and all other diseases generated by a sedative or an unwholesome atmosphere upon an overtaxed frame.

## THE DAILY EMPIRE.

Dayton, Ohio,

Wednesday, December 13, 1865.

### Local Matters.

The First Warders are about to be treated with the luxury of a new barber shop.

The place to buy good Clothing of every variety and price, is Schwarz' Eagle Clothing Store, in No. 108 Main street.

**STILL THEY COME.**—Schwarz, at the Eagle Clothing Store, No. 108 Main street, is daily receiving large additions to his already immense stock of clothing. Every article is of the latest style and superior quality, and will be sold at the very lowest price. He is determined not to be undersold by any other house in the city. Don't forget the place—Eagle Clothing Store, next door to Empire Office.

DR. DODGE is still performing wonderful cures, and Clegg's Hall is crowded every morning, and so are his rooms at the Phillips House in the afternoon. He will remain in Dayton until the 29th of December.

J. V. NAUERTH & SON have probably the best selected stock of good things in the city of Dayton. Fruits, nuts, oysters, wines, candies, oranges, lemons, figs, etc., are sold at this establishment in large quantities at wholesale, and our citizens are furnished with the richest nest and purest of articles in the above enumeration at prices which can not fail to please every one. Remember, the holidays are coming, and you want to lay in a good supply of delicacies and substantials. Go to J. V. Nauert & Son, No. 103 Main street, opposite the Market-House.

**FIRE.**—A fire was discovered last night a few minutes before 12 o'clock, in a Cooper Shop in Miami street near the corner of Fifth in California. The firemen were soon at the scene, but two cooper shops and other small buildings were consumed before the flames could be extinguished. The property is a total loss—no insurance—and was the result of carelessness.

A California editor speaking of the complaints of his readers, that he don't publish all the local items that they desire to see, justly observes that it is often their own fault, in not sending the facts. He says he doesn't like to publish a birth after the child is weaned, a marriage after the honeymoon is over, or the death of a man after his widow is married again.

**RELIGIOUS NOTICE.**—Rev. S. P. Carlton, (Universalist) of Springfield, Ohio, will preach in Beckel Hall, Thursday evening, December 14, at 7 o'clock.

Rev. H. F. Miller, Financial Secretary of the N. W. Conference of Universalists will preach at the same place on Friday and Saturday evenings, December 15 and 16, at 7 o'clock.

Rev. J. S. Cantwell, of Cincinnati, Ohio, will preach at the same place, on Sunday morning at 10<sup>th</sup> A. M. and at 3 o'clock in the afternoon. All are cordially invited to attend.

Church Etiquette.—It is fashionable with many to come into church, long after the services have begun, to the edification of the curious in the congregation, and the comfort of the nerves of the pulpit. It has lately been decided, on high authority, that the following rules are to be observed on each occasion:

Let the lady advance one pace beyond the door of the pew she wishes to enter, halt about face and salute. The pew must then be vacated by such gentlemen as are in it; by flank movement. The squad should rise simultaneously when the lady presents herself, and face by the right flank, then deploy into the aisle, the head man facing the lady, and the rest walking to his right and rear, the direction of the line being changed by a right counter-march, and forming again into line, up and down the aisle, still faced by the right flank. The lady, when she sees that the coast is clear, completes her salute, and advances to her position in the pew. The gentlemen break off files from the rear, and resume their places.
